I'm going to write about my four-day trip in Oita prefecture. I visited some hot springs with my husband. It was our 30th wedding anniversary.

We ate seafood on rice, cool udon, and a hell steam pudding. There are many kinds of foods and places named hell in Beppu. It's interesting.

One of my dreams was to swim with a dolphin! At last, I took hold of a dolphins fin and I swam. It's fun. I did muscle training, too! It's a key to health.

This is Hayato!

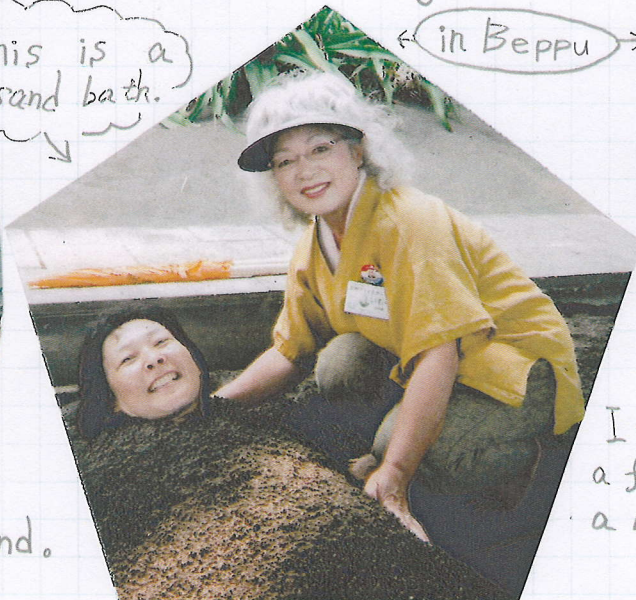

This is a sand bath.

I'm in the sand.

This is a foot bath.

I took a sand bath, a foot bath and a mud bath ☺.
